Re: S.E. Cline Construction

P.O. Box 354425
18 Utility Drive
Palm Coast, FL 32135-4425
To Whom It May Concern;

Please accept this letter as a "Letter Of Recommendation" for The S.E. Cline Construction Company. S.E. Cline Construction, under the direct supervision of Mr. "Hap" Cammeron, completed the huge project of demolition and reconstruction of the Seawall located on the property of The Palm Club Association, Club House Drive, Palm Coast, Florida. The project was a big undertaking and was done in stages with projected time line completion dates. These dates were met on time and the work performed in a satisfactory manner. "Hap" provided professionalism and good communication skills to the project and always kept the Board Of Director's up to date on each phase's status .

The half-million dollar Seawall was completed on time in late July and is an added enjoyment to the property here at The Palm Club. The Board of Directors would gladly recommend Mr. "Hap" Cammeron for future work here or for other companies.

Any questions please feel free to contact the office @ (386) 445-3757 from 9 am to 12 noon.

For the Association,

Peter Gambino
President
The Palm Club Association, Inc.
